Subject: Learning walk

Hi Jennifer,

Thanks for having me in your lesson today, the atmosphere as great! Students seemed very engaged in writing their own definition of a cell in their books. There was evidence of marking using medals and missions. A few more opportunities for green penning would help to evidence response to feedback in their books - peer or self marking can be a good way to do this.

Both the students I asked said they really enjoyed Science :)

Thanks,

Diane
